

## PAIGE BAILEY, FCAS, MAAA

Consulting Actuary | Austin, Texas

Paige has experience in assignments involving loss reserving, funding studies, loss cost projections and captive feasibility studies. She has worked with pricing and loss reserve analyses for captives, self-insureds and traditional insurance companies writing workers' compensation, general liability, auto liability and auto physical damage. She also assists with preparation of Statements of Actuarial Opinion and Actuarial Opinion Summaries.

Paige serves as lead analyst for multiple group captives, performing both interim and year-end reserve analyses. She develops rate indications and loss cost multiplier projections for captive insurance companies.

In addition, Paige coordinates and cohosts a webinar series called "Beyond the Classroom," created to bring more awareness of the actuarial profession to current and prospective actuarial science students from universities nationwide.

★ Qualified to sign statements of actuarial opinion per the American Academy of Actuaries (AAA)
