

MEGAN BAKER, FCAS, MAAA, CPCU

Consulting Actuary | Lansing, Michigan

Megan has been in the insurance industry since 2013. She has extensive experience in engagements involving loss cost projections, ratemaking and rate/rule filings, loss reserving, funding studies, financial examinations and regulatory reporting. She has worked with pricing and loss reserve analyses for group captive insurers and statutory insurance companies writing medical professional liability, workers' compensation, homeowners and dwelling fire, auto liability, general liability and auto physical damage coverages.

Megan serves as project manager for a number of loss reserve analyses and rate studies, performing both interim and year-end analyses concerning statements of actuarial opinion (SAOs). She has subject matter expertise on actuarial matters related to workers' compensation. Prior to joining Pinnacle, Megan worked for a large insurance company, where her responsibilities included commercial lines pricing for lines of business including workers' compensation, business owners, commercial package policy and commercial umbrella. Megan has communicated and partnered with executive management across several areas to understand results and develop plans to achieve corporate goals.

- ★ Qualified Actuary per the National Association of Insurance Commissioners (NAIC)
- ★ Qualified to sign statements of actuarial opinion per the American Academy of Actuaries (AAA)
